Decker showed no emotion when the verdict was read to the court or when sentence was passed. He seemed in excellent spirits when he was taken back to his cell.

The case was given to the jury at 3:40 o'clock and previous to that, the time was occupied with closing arguments of both sides. The state alleged the murder was the culmination of a conspiracy between members of the Decker family to kill Lovett, "double" of Virgil, and by claiming his body as that of the latter collect \$24,000 in life insurance.

## METAL WORKERS TURN DOWN PLAN FOR ONE TRADES UNION

Machinists Are Scored for Advocating and  
Attempting to Revive the "One Big Union"  
Idea in This Country—Delegates Declare  
That it is Crime to Preach Such Doctrines

(By The Associated Press)  
DENVER, Colo., June 10.—Delegates to the convention of the metal trades department of the American Federation of Labor this afternoon by an overwhelming vote defeated a proposal designed to bring about the organization of one big metal trades union in the United States.

Representatives of the International Association of Machinists who introduced the resolution were vigorously scored as advocating and attempting to revive the "one big union" idea in this country. The debate was long and bitter, representatives of the Pattern Makers League of North America, the International Brotherhood of Boilermakers and International Brotherhood of Electrical Workers, vigorously opposing the proposal.

Charles A. Floyd, secretary of the Newberry campaign committee took his place, and the Luckings, armed with stacks of cancelled checks, said to number 1800 in all, pressed him sharply.

These checks, the ranging in amounts up to \$17,500 marked "paid" and said to have been given to many individuals including Floyd the witness explained as "reconciliation checks."

No Money Actually Passed  
No money actually passed upon them, he insisted but they evidenced money previously paid out and their total of \$160,000, he said, "constituted practically the entire amount used in the primary campaign. They were a bookkeeping matter, he said, but the cross examiners sought to prove by the witness they were duplications and concealments for the expenditure of even greater sums.

Chairman Spencer interrupted the examination and the Alfred Lucking protested vehemently held to his decision that "this is enough about these checks."

Senator Pomerene, Democrat, Ohio, left in some heat after failing to force an adjournment.

Out of the morass of flying checks, stubs, check registers and accounts was drawn from Floyd an explanation of the transactions which all concerned agreed was outside and above the reported Newberry expenditure.

"Mr. Green (the industrial leader summoned) came to me after the primary and after our report was made up," he said, "and drew me a check for \$12,000 and \$15,000 and I paid all bills that had come in after our accounting report."

Concedes Total of \$176,000  
The former conceded total of expenditures in the primary campaign for Senator Newberry was \$176,000.

Thru King, Mr. Lucking previously put in the record a description of the Newberry campaign striving all thru it to show Senator Newberry's familiarity with the details of financing.

King said he was responsible for all steps taken. He took orders from his principal, he said, but went ahead on campaign projects without even reporting by mail.

James F. McGregor who had charge of wards in Northern Michigan for the Newberry forces testified that "we picked out a leader in each county, told him not bother about raising money but to go ahead and get busy, all their legitimate expenses would be met."

Dudley C. Houck, of Ironwood, Michigan, another campaigner was paid \$200,000, Mr. McGregor said, adding "he was a lemon, too; lost his county."

## HUGHES TELLS OF EFFORTS MADE IN MEXICAN QUESTION

Obregon Refuses Be-  
cause of Constitu-  
tional Grounds

(By The Associated Press)  
WASHINGTON, June 10.—Efforts made to induce the Mexican government to enter into a treaty of commerce and amity as a condition to recognition were reported by Secretary Hughes today to President Harding and his cabinet.

The report was understood to have consisted of a brief summary of steps taken thru George T. Sumner, American Charge d' Affaires at Mexico City, to reach an understanding for the signing of the proposed treaty.

While official information was lacking it was known that President Obregon has notified the state department that he does not consider himself free because of constitutional restrictions, to sign such a covenant as proposed. Formal statements have indicated his willingness to agree to a treaty if certain modifications are made.

Here it has been indicated that no modification affecting the principle involved will be made and that the United States will insist that property of Americans in Mexico shall be safeguarded against confiscation.

Officials of the administration were said not to be convinced that President Obregon has definitely rejected the offer to negotiate the treaty.

Ever Eye Heals Sufficiently Allow Such Work—New Ring Partner Joins Camp.

ANTIC CITY, N. J., June 10.—The cash over Jack Dempsey's eye has sufficiently healed to permit the resumption of boxing Sunday without danger of further serious injury, Dr. J. J. Sensman, an oculist, stated tonight. While Dempsey was taken to Camden to bring his Belgian police dog, Gingsberg, some real fighting was staged at the champion's training camp.

ing Ghee, a negro 175 lb. fighter, from Memphis, Tenn., joined Dempsey's staff of sparring partners, was given a workout by Jack Remondino who was unable to do anything with him. CARPENTIER WORKS OUT FOR FRIENDS

Deputy Sheriffs and Private Detectives Guard Camp—Swaps War Stories With War Vets.

MANHASSET, Before a small number of friends and a few newspapermen, Georges Carpentier this afternoon sparred six rounds, taking on Joe Jeanette, Italian Joe Gans and Paul Journee. Around the camp today Manager Deschamps placed a number of deputy sheriffs and private policemen, a measure to insure privacy.

Carpentier worked slowly with Jeanette and Journee but speeded up with Gans. The two rounds with the latter were the best of the afternoon and Georges was kept going at a fast pace. He worked at lightning with Jeanette. After his workout Carpentier entertained several American wounded war veterans. He sat with them on the lawn and swapped war tales. The veterans assured him that they wanted him to win. Carpentier invited them to call at the camp next week when he will give a special workout.

## MATT STAR POST

## G. A. R. BANQUET

The second and fourth Fridays of each month at four P. M. are the regular times for the meetings of Matt Starr post G. A. R., but yesterday that gray heads were asked to show up at three and when they did so the reason was soon explained. The good ladies of the Relief Corps had already been there and as soon as the business of the post was transacted and adjournment taken the ladies filed into the hall and bade the veterans have a good time for a little while after which they would be invited to the banquet room.

Patriotic songs were sung and young Master Hewitt finely entertained the company with a piano solo which was encored.

The doors to the banquet room were thrown open and all were invited to enter and be seated. At each veteran's plate was a tiny flag he was to place in his buttonhole and then all proceeded to enjoy the good things provided. The meal was abundant and excellent and well served and won the hearty thanks of the guests.

After all had enjoyed the feast they returned to the main hall and had a program of various numbers.

## PASSED RESOLUTIONS

## ON DEATH OF MINISTER

Official Board of Woodson Christian Church Adopted Resolutions on Death of Rev. W. H. Oldham, Former Pastor.

At a recent meeting of the official board of the Woodson Christian church the following resolutions were adopted with reference to the death of Rev. W. H. Oldham, formerly pastor of the church:

Whereas, in the order of Divine Providence our former pastor, Brother W. H. Oldham, has been removed from his labors on earth by the hand of death, to his reward in Heaven, our hearts have been deeply moved thereby.

Resolved, First, that in his death we have lost one of nature's noblemen, a generous friend, a genial companion and brother; a man of true and honest purpose, of pure mind, of sound judgment, prompt in action, faithful in matters of trust, an earnest Christian worker, and an ardent lover of the Master.

Second, that we treasure the memory of his blameless Christian life, his wise counsel, his faithful warnings and his untiring zeal for the cause of Christ.

Third, that from the manner of his life and positive character, of his christian experience among us, we are fully persuaded that our loss is his eternal gain, and that while we mourn on earth, he is rejoicing with the redeemed and blood washed throng in Heaven.

Fourth, that we deeply sympathize with his bereaved wife and family who have been called to part with their chief earthly counselor and support, and we earnestly beseech our Heavenly Father to grant them the consolation they so much need, and which He alone can give in this saddest of all sad hours to them.

Fifth, that a copy of these resolutions be forwarded to Sister Oldham and a copy of the same be spread on the minutes of the church.

## ORGANIZE KIWANIS

## CLUB IN JACKSONVILLE

Organization was Perfected At Meeting Held Friday — F. E. Farrell, President of New Organization.

Yesterday at noon at the Peacock Inn a Kiwanis club for Jacksonville was organized. The organization work was under the direction of J. B. Tewksbury of Chicago, field secretary of the Kiwanis International club.

The club was organized with a preliminary membership of twelve. It requires fifty selected members to secure a charter and these will be solicited immediately. Temporary officers were elected at the meeting and are:

President—F. E. Farrell.  
Secretary—Fletcher Hopper.  
Directors—Carl E. Robinson, Rev. Thomas W. Smith, Rev. E. L. Fletcher, Thomas Worthington, C. E. Williamson and Dr. W. H. Weirich.

Kiwanis is similar to Rotary except that plural classification is maintained in Rotary but one of each business or profession can be a member while in Kiwanis two of each profession or business are eligible.

The organization is founded for the same purposes as Rotary and Chambers of Commerce. The members lend their aid and influence to ever-progressive or forward public movement and work in conjunction with Rotary and the Chamber of Commerce.

At the present time there are 504 cities in the United States and Canada that have Kiwanis clubs. These clubs have a combined membership of over 50,000 members. It is expected the membership will be obtained within a few days and the club will without doubt be of great benefit to Jacksonville.

## Daily Market Report

## WHEAT PRICES HAD AN UPWARD TREND

CHICAGO, June 10.—Wheat prices had an upward trend most of the time today largely as a result of bullish field reports concerning the winter crop and because of fear of a wet harvest. The market closed unsettled at 1 to 1 3/4 cent higher with July at 1.36 to 1.35 1-4 and Sept. 1.18 1-2 to 1.18 3-4. Corn finished unchanged to three-fourths cent lower and oats down 3-8 @ 1-2c to 5-8c.

In provisions the outcome was 2 to 12c advance. Except for one brief setback shortly after the opening, bulls showed themselves to be the masters in the wheat pit until about mid-day. Further rains in the southwest were reported and although clearing weather was said to have ensued uneasiness relative to harvest conditions remained as a factor on the buying side.

Provisions were governed mainly by the course of the hog market.

Corn and oats lacked support, but toward the last rallied somewhat, helped by prospective curtailment of receipts.

Provisions were governed mainly by the course of the hog market.

**THE BIG ELI HISTORY TOLD BY MR. SULLIVAN**

President of Company Made Address to Rotary Club—Wheels Now in Use in Many Foreign Countries.

At the weekly luncheon of the Rotray club held Friday at the Pacific W. E. Sullivan, president of the Eli Bridge Co., made a very interesting address in which he outlined the business of the company of which he is the head. Visitors of the day were A. L. Meyer of Decatur district secretary Y. M. C. A., William N. Brown of the Collins Food Co., Quincy, and D. O. Sandberg of Chicago.

A brief address on the meaning of Rotarians was given by past President Pontius for the newly elected members Len Magill, Elmer Snyder and J. H. Dial.

Mr. Sullivan had with him scores of the different parts of a Ferris wheel, practically all of which he had designed himself, and most of them protected by patent. It was a revelation to most of those present to know that there are so many intricate parts which enter into the construction of Ferris wheels.

The first wheel made possible after Mr. Sullivan had gained the assistance of James Clemons was used in Jacksonville and Mr. Sullivan exhibited the original permit issued to him by S. A. Fairbank, then mayor of Jacksonville. This original wheel is still in use in the suburbs of Detroit and Mr. Sullivan said his company hopes to acquire it and install it at the Eli plant as an indication of the growth made with passing years.

The sales end of the business has been largely built up thru the mail and in response to this correspondence inquiries have come to the company from 61 different foreign countries. Among the places where Eli wheels are now in operation are Cuba, Philippine Islands, Uruguay, South America, Argentina, South America, India, Australia, Cape Colony and Natal, South Africa, Hawaiian Islands.

The largest amount of business done in any year previous to 1920 was 26 wheels. After the new plant was established here in Jacksonville last year the company built and shipped 46 wheels. One of the interesting facts stated was with reference to the materials needed in one wheel. In the construction of the seats the manufacturers use 736 yards of pantosote and there are 11,592 coil springs in the cushions. The gross business done at the plant here in 1920 was \$186,503.78. Thus the plant has meant a substantial addition to the business of Jacksonville. It was mentioned yesterday that the coming of the plant has meant not only an increase in business but also substantial additions to the citizenship of this city.

**O'CONNELL MURDER CASE IN JURY'S HANDS**

Argument Was Finished and Instructions Given Friday Afternoon.

Events moved rapidly in the O'Connell murder case yesterday and the instructions were in the hands of the jury before 6 o'clock. The taking of evidence for the defense began when court was convened by Judge Jones at 9 o'clock. The most important witness was the defendant himself, who was on the stand for more than an hour. Under questioning by his attorneys the witness unfolded his story of events leading to the killing of Lent, declaring that he shot in self-defense and that at the time Lent was approaching him with a club in hand.

He also maintained that John Whitehead, who had been at work nearby digging a trench, menaced him with a spade and that the only certain course left for him to protect his life was to shoot down Lent. He admitted that he was somewhat excited at the time but said that he was not angry and that he had not gone to the scene of the shooting with an intention to do violence.

The argument of the case was begun by attorneys before 3 o'clock. State's Attorney Robinson opened on behalf of the state and then attorneys Hartzell and Detrick made their pleas on behalf of the defendant. The closing speech for the state was made by John E. Wall of Quincy.

Mr. Wall maintained that the evidence showed that when O'Connell gun in hand, marched down the hill and approached Lent that he did so with malice in his heart. He declared that if the recovery of the pipe was his only motive that the law provided the way and that he need have done no violence. Then he maintained that at the very time that O'Connell did the shooting with Lent 20 or 30 feet from him that he was near the pipe in question and could have taken it in hand and gone his way, since he was armed and neither Lent nor Whitehead had arms.

The attorney also laid emphasis upon the fact that Lent, who was shot down, was a man more than twenty-five years the senior of O'Connell. He scouted the idea that O'Connell was a sick man, for he said that while he might have the malaria that the record showed that with the aid of only one man he was able to take care of a 240 acre farm.

In closing he urged the jurors not to be swayed by sentiment and said that because the defendant had a wife and family of boys and girls who needed him offered no reason why he should violate law and commit murder.

At 2:30 o'clock this morning the jurors had failed to reach an agreement.

**GRAND THEATRE IS UNDER NEW LEASE**

Local Business Men Organized as Amusement Company Will Operate Theater—High Class Programs Promised.

Announcement was made yesterday of the leasing of the Grand Opera House to a group of Jacksonville business men, organized under the name of the Grand Theatre Amusement Co. For business reasons the names were not made known yesterday, but it is understood that Stanley H. Wright is one of the number and will be active in the management of the enterprise. The lease covers a period of fifteen months, during which H. K. Chenoweth as receiver under the foreclosure proceedings, will have charge of the property.

The contract was made between Mr. Chenoweth and these business men, effective at once. While, as indicated, the names of the men who are leasing the property are not known, a definite statement has been made with reference to the policy of the house, and it is expected that it will be reopened in the course of the next week or ten days. The intention is to present only high class pictures and for a part of the time vaudeville attractions during the summer months.

Next fall and winter the picture and vaudeville will be intermingled with road shows when the opportunity is afforded for booking high class attractions. It is the belief of the leasees, who rank among the progressive and substantial business men of Jacksonville, that the opera house can be run on a paying basis, with the presentation only of amusement features that are proper and worth while.

There will be a competent staff of employees and the entertainment features will be of a class in which the people of Jacksonville and surrounding territory can find both pleasure and pride.

As indicated, the opening date is not far distant, when further information about the Amusement Company's plans can be outlined.

**WHEAT BADLY LODGED**  
Almost every one rejoiced when they heard the pattering of the rain drops yesterday morning for we know how much the downfall was needed but it is a matter of regret to learn from several sources that the growing wheat is lodged badly. It is generally so heavy and thick that even a gentle fall of rain caused it to topple over. It is rather far along now to rise again but all will hope it may do so to some extent.
